Paramakarios - Funeral Services since 1957

This office was the driving force for Anastasios Papamakarios to set goals and exceed them. His fellow citizens recognized his genuine interest and his exceptional professionalism and consequently, in 1983 and 1994 two of his subsequent offices were opened.

This course continued at the same pace, and today we own **5 branches in Attica** and the establishment of the **European-style main offices in Pallini**.

Valuable additions to the evolution of Papamakarios Funeral Services were the son and grandchildren of the founder, Mr. George Papamakarios, Anastasios Papamakarios, and Stylianos Papamakarios. One of the most important highlights was the replacement the previously known term "Funeral Home" with "Funeral Services", thus launching a new definition for the entire industry.

In the eyes of the Papamakarios family, funeral was a social service, not a profession. After all, our founder's principles were non-negotiable - **quality, professionalism, care**. In one word, anthropocentric.

The **premises are proprietary** and designed to meet all the needs of the people who come to our offices, where they will be welcomed by our specially **trained personnel**. We have our own **fleet of vehicles** to ensure the quality for which we are known.
